*My Mother always says that she is in awe of authors.*

*I am in awe of her!*

*She has always come forward to support me  
in my creative endeavors.*

*She has always provided me with encouragement  
& has contributed to the production  
of my eight Books & four DVDs.*

*I endearingly call her my Magic Jeanie!*

*So now it is my great honor, blessing & joy  
to support the production of her first Book entitled,*

*Gems from a Magic Jeanie*

*I personally believe that if someone can talk,  
they can sing.*

*If they can walk, they can dance  
& if they can allow Divine Inspiration to flow  
through them they can be an author.*

*We hope that you enjoy what Magic Jeanie  
has to share with you*

*& now **you** have a Magic Jeanie, too!*

*With Love & Joy~*

*Magic Jeanie's Daughter, Angel*

*I asked my Mother, Magic Jeanie,  
also known as Jean Honig,  
“What have you learned from your experience  
in 88 revolutions around the Sun in this lifetime  
that you think would be helpful for others  
on their earth Journey?”*

*Here is what she said~*

*To have a peaceful world is the greatest thing  
that I can envision for the world.*

*If every person in the world would make the effort  
to make peace in their community,  
then it would be possible to have peace worldwide.*

*Every government should support this  
by having a Department for Peace.  
Books should be written on this subject  
by competent writers.*

*The key points for inner & outer Peace  
should be taught in schools both here & abroad.*

*The governments should subsidize  
organizations to promote this.*

*Make your earth journey count for something.*

*Be kind to everybody.*

*Make sure that you are a good mate to your mate.*

*Make sure that you train your kids  
to be decent human beings.*

*Give enough time & energy to making  
your children good for the world.*

*When teaching your kids, be patient & kind with them,  
if you want them to learn anything.*

*Also, be patient & kind with elderly people  
who need that extra touch.*

*Try to show your children the beauties of nature  
& take along your mate as well.*

*Help children in anyway that you can  
to expand their knowledge.*

*Try to make it possible for yourself  
& your family to travel to good places  
to the extent that you can afford it.*

*Let your children learn good behavior  
through watching you.*

*If you have children,  
give them a special birthday party every year.*

*Make sure that you kiss your kids good night.*

*Keep in touch with your family & siblings.*

*Be kind to people who make mistakes,  
because it is not because they want to~  
it is because they made a mistake.*

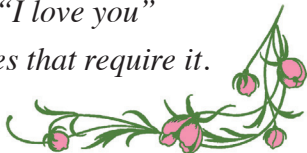

*Help them to get on the right track  
without tearing down their good thoughts  
about themselves.*

*Try to stick to your mate  
& give your mate another chance  
instead of dissolving the relationship.*

*Learn how to say “I love you”  
under all circumstances that require it.*

*Make sure that you keep  
your financial matters up to date.*

*Save some money for unexpected needs  
that may arise.*

*Always see that you have insurance  
to cover anything that would happen.*

*Make sure that you always have  
a folding umbrella handy.*

*Make sure that you don't have clutter  
filling up your house.*

*Try to have fresh flowers or plants  
throughout your Home.*

*Take care of your health before  
a little problem becomes a big one.*

*Go to Religious Services  
to make yourself a better person.*

*If you belong to a Temple  
or any religious organization,  
try to do your part in helping the cause.*

*Be charitable to people who really need it.*

*Give generously to the hungry & downtrodden.*

*Donate some nice clothing to charity.*

*Be kind to people who have difficulties  
& try to help them to the extent that you can.*

*Try to befriend a person who has difficulty  
maintaining friendships.*

*Try to help lonely people to have a more fulfilling life.*

*Don't hesitate to bring plants or flowers  
to someone you love.*

to someone, try to stop it before it occurs.*

*It is so essential to your social wellbeing.*

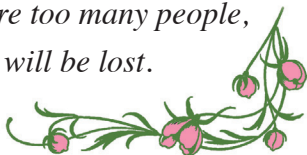

*Be sure to call people on their birthday  
if you can not see them personally,  
to wish them the best.*

*People like to be remembered on their birthdays.*

*If you have a birthday party for someone,  
keep it intimate. If there are too many people,  
some of the magic will be lost.*

*Do not try to outshine other guests  
when you dress for a party.*

*Try to remember some jokes  
that you know to delight others.*

rather than submit to others' ideas for you.*

don't do harm to animals."*

*When your parents get older,  
make sure they have company, both old & young.  
Loneliness is not a good thing.*

*Be good to your parents.  
Be there for them whenever they need you.*

*The most important thing  
is to get along with your siblings & relatives.*

*When things go wrong, don't go wrong with them.  
Keep your dignity & try to make them go right.*

*Please try to be a loving Family.  
I want my Family to be strong.*

*Don't worry if I pass gently in my sleep.  
If God wants to take me, I am satisfied,  
I have had a good life.*

*If I wasn't getting the pain, I would like to remain.*

*If I didn't have pain, I would want to stay alive  
& see what is going on with my kids.*

*Try to aim for prosperity,  
but do not make it your primary concern.*

*Make Love & Appreciation your primary concern!*
